1. INTRODUCTION/CONTEXT

Younger People with Dementia (Berkshire) - more commonly known as YPWD - is a charity based in the county of Berkshire. The aims of the organisation are to support younger people with dementia (that is, people of working age) across the full range of their needs, from support at the time of initial diagnosis to ongoing help with activities and day-to-day living. The needs of younger people are in many ways different from the needs of older people who develop dementia, and there is little or no direct support for them within the statutory services.

Since YPWD began in 2012 we have endeavoured to reach out to BAME communities to encourage inclusion and equal opportunities in access to our services. On review we now feel that having a dedicated worker in this position will support this opportunity.

This post will help us meet our core objective, to provide meaningful activity and services to those with young onset dementia from a BAME community. The post holder will work closely alongside existing services who offer a range of services to this client group.

2 JOB PURPOSE

To get the local BAME communities on board, engage, communicate and undertake community-based field work within the available time and resources. There will be other elements in the role like completing appropriate investigative literature reviews, field based research and field work both locally and nationally to support and underpin the development and implementation of suitable YPWD services specific to BAME communities within the Berkshire area. The key is to work, develop and deliver this project working with faith/community leaders and relevant organisations. We need to learn, ascertain various cultural perceptions of dementia and be able to develop services that are evidence and research based to support local BAME communities that are sustainable, flexible and fluid. There is a need to ensure that the YPWD services are welcoming and inclusive for all the BAME communities thus reducing inequalities in access to young dementia support. To regularly liaise with and update the Director of Clinical and Operational Services providing reports at agreed intervals during the project.

3 THE ROLE

Main Duties and responsibilities

1. To be able to understand the local demographic data, seek additional local intelligence about the cultural diversity, the needs of the different BAME groups within Slough, working in partnership and using a co-production approach.
2. To understand the day-to-day challenges and cultural impacts on individuals and their families that are living with a diagnosis of young onset dementia in BAME communities.
3. To review any relevant literature and local/national initiatives already established for BAME communities.
4. To explore and work alongside community and faith leaders, individuals, groups, potential funders and commissioners to support the set up and sustainability of BAME YPWD services.
5. To develop and improve access to YPWD's services for the BAME communities.

6. To reduce inequalities in access to YPWD and improve inclusion in all communities.
7. To develop and implement services within YPWD that meet the needs and interests of individuals/ groups from various cultures, communities & backgrounds.
8. Support individuals where possible to boost self-esteem and confidence, to learn new skills whilst promoting choice and independence through our services.
9. Plan, prepare, risk assess and evaluate services for BAME communities through activities/workshops and one to one support for both face-to-face work and on live video platform support.
10. Provide proactive, active and reactive support to service users through use of suitable evaluation tools and steering groups, continually reviewing and adjusting the service accordingly.
11. Establish good working relationships with existing organisations that already operate within/ support local BAME communities.
12. Establish good working relationships with relevant local religious and cultural leaders locally.
13. To co-author and write articles to share best practice and findings where appropriate.
14. To present project findings and share best practice results at relevant conferences, events and to funders where identified.
15. Ensure the service offered is always inclusive, user friendly, age appropriate, activity based, stimulating and where appropriate, research based.
16. Be flexible in the planning and running of the developing service and be willing to work some weekends and evenings.
17. Ensure that both written and verbal communication conforms to the highest professional standards at all times and maintains the dignity and respect of service users.
18. Ensure ongoing assessment and management of risks associated with the service users within an attitude of 'positive risk taking'.
19. Attend regular supervision with line manager.
20. Demonstrate responsibility and leadership for promoting and championing all aspects of equal opportunities by valuing diversity in all areas of work.
21. To undertake general administrative duties where required.
22. To regularly complete and update service users' records.
23. To complete mandatory training requirements as and when directed.
24. Undertake any other duties in order to meet personal, team and organisational objectives following consultation with your line manager.
